Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network*: \$500/employee; \$1,500/family of 3+ Out-of-Network: \$1,000/employee; \$3,000/family of 3+	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Includes preventative care at an in- network provider .	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In-Network*: \$2,500/employee; \$7,500/family of 3+ (Embedded individual out-of-pocket limit for members with dependent coverage: \$2,500) Out-of-Network: Unlimited Annual Maximum including Transplants: Unlimited	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges (unless balance-billing is prohibited), penalties for failure to obtain pre-authorization for services, and health care this plan does not cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See http://printadirectory.rrd.com/?source=PAI Or call 1-800-327-1021 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider (with the exception of certain ambulance services, emergency services, and non-

Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without referral .
