

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, please contact MIT at 803-798-6207 or email at MITinfo@scmedical.org. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary> or call 803-798-6207 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: \$2,000/employee; \$4,000/family Out-of-Network: \$4,000/employee; \$8,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , the overall family deductible must be met before the plan begins to pay. Specialty non-EHB drugs costs do not count against the deductible .
Are there services covered before you meet your deductible?	Yes. Preventative care at an in- network provider is covered before you meet your deductible.	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In-Network: \$2,000/employee; \$4,000/family Out-of-Network: Unlimited	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , the overall family out-of-pocket limit must be met.
What is not included in the out-of-pocket limit?	Premiums , balance billing charges, penalties for failure to obtain pre-authorization for services, transplants, Specialty non-EHB drugs, and health care this plan does not cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.myhealthtoolkitbsa.com Or call 803-798-6207 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

Important Questions	Answers	Why This Matters:
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this [plan](#) might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your [providers](#) charge, and many other factors. Focus on the [cost-sharing](#) amounts ([deductibles](#), [copayments](#) and [coinsurance](#)) and [excluded services](#) under the [plan](#). Use this information to compare the portion of costs you might pay under different health [plans](#). Please note these coverage examples are based on [self-only coverage](#).
